„Edomitische (= Nachfahren von Esau, Gen. 36:1) Juden begannen sich selbst Hebräer und Israeliten zu nennen im Jahr 1860“

Aha! Wie nannten sie sich denn vor 1860?

Und: Warum nannten sie sich nicht schon immer so?

Weil sie es eben gar nicht sind!

The Jewish Encyclopedia, 1925 edition, Vol. 5, page 41, states, "Edom is in modern Jewry."

Jews are history's foremost race mixer, hypocrites and promoters of mongrelization. Racial tension can best be understood through jewish incitement and social engineering. Ultimately, the jewish machinations for breeding out pure races, not just Whites, and ushering in an era of one homogenized breed is nothing less than genocide.

95% of world jewry is eastern European Ashkenazi, a racial stock comprised of Khazar-Edomite blood. The Jewish Encyclopedia, 1925 edition, Vol. 5, page 41, states,

"Edom is in modern Jewry." Esau sold his birthright to his brother Jacob (Israel) for some "Red pottage... therefore was his name called Edom" (Gen. 25:30). Edom means 'red'.

It is impossible for Edomite jews to call themselves Israelites. Jacob remained racially pure, while his brother Esau took alien wives.

Therefore, a great controversy emerges from ancient times to the present manifestation of 'red' communism (created by jews)' between those who have maintained their racial integrity from God and those who have not.

The fury of Red Terror and racial chaos can be explained only as a manifestation of jewish hatred against White Christian civilization. The "civil rights" movement was instigated at the behest of jewish money and brains. The NAACP, CORE and SNCC were founded and controlled by jews.

The White churches of America were dealt a near deadly blow when the jews (with their media and money power) selected Billy Graham as their star preacher to promote race mixing. In a published article Graham said, "There admittedly may be practical problems in some cases because of cultural differences or because of social prejudice which have to be considered,

However, what if there were no White people left on earth in which God's Spirit could dwell? God would have no place to dwell. It is quite conceivable then, for the enemies of God, the jews, to destroy the ability of our race to propagate and the surest way to do that, short of killing us outright, is to mix our racial stock producing what the Bible calls 'bastards' or mongrels (Deut. 23:2).

The end product is a mixed breed empty of an undefiled body tainted with hybrid genetics, void of a Spirit/temple in which God can dwell. This breed of jews, as well as all other mixed breeds, have violated

God's biological Creation of "kind after kind" and therefore cannot worship the God/Creator of pure undefiled races. They have defiled God's original intent and sponsor the proliferation of more ungodly defiance.

The world sinks back into decadence and degeneracy with antichrist jews in control. Unfortunately, too many of God's Israelite people have been seduced by profiting from their cooperation with jews to promote interracial fornication.

Esau wird also auch Edom genannt. Edom bedeutet rot.
Sozialisten/Kommunisten haben rote Flaggen!
Wer hat den Sozialismus/Kommunismus erfunden? Und wer führt ihn heute in der EUdSSR ein?

Welche Länder der Welt von heute haben rote Flaggen?
ZB China = Kommunismus
Auch die Sowjet-Kommunisten hatten eine rote Flagge.

Schweiz (mit Templerkreuz und Wächter des Vatikan durch die Schweizer Garde. Auch die BIZ steht in der Schweiz, laut Eustace Mullins der Ausgangspunkt der Revolutionen und Bunker für das Diebesgut der Diebe.) Durch die BIZ ist die Schweiz das Zentrum des heutigen Geldsystems!

Wie sieht die Flagge von „Die Linke“ aus? Wie stellt sich die SPD oder die damlige PDS dar?

Das Wortstudium zu Adam ergibt:

Gesenius' Hebrew-Chaldee Lexicon

אָדָם m.—(1) *man* (perhaps so called from the idea of redness, compare אָדָם [“The Arabs distinguish two races of men; one *red*, *ruddy*, which we call *white*, the other *black*.” Gesen. add. But both

(<https://www.blueletterbible.org/lang/Lexicon/Lexicon.cfm?strongs=H120&t=KJV>)

“vielleicht so genannt aufgrund der Idee der Röte, “Die Araber unterscheiden 2 Rassen von Menschen; eine ist rot/rötlich, die wir heute “weiß” nennen, die andere ist schwarz.” (Prä-Adamiten)

Adam war also ein weißer Mann!

(und aus einem weißen Ehepaar wurde noch NIE ein schwarz-afrikanisches Kind oder ein Chinesenkind geboren! Ganz andere „Genesis“, „Wiege des Lebens“!)

The **Khazars** (Turkic Dialect: Xazarlar) were a semi-nomadic Turkic people who dominated the Pontic steppe and the North Caucasus from the 7th to the 10th century. The name "Khazar"^[1] seems to be tied to a Turkic verb form meaning "wandering".^[2]

In the 7th century, the Khazars founded an independent Khaganate in the Northern Caucasus along the Caspian Sea. Although the Khazars were initially Tengri shamanists, many converted to the Abrahamic faiths through interaction with the Byzantine Empire and successive Islamic caliphates; during the 8th or 9th century, the Khaganate adopted Judaism as the state religion. At their height, the Khazars and their tributaries controlled much of what is today southern Russia, western Kazakhstan, eastern Ukraine, Azerbaijan, large portions of the Northern Caucasus (Circassia, Dagestan, Chechnya), parts of Georgia and the Crimea.

Between 965 and 969, their sovereignty was broken by Sviatoslav I of Kiev, and they became a subject people of Kievan Rus'. Gradually displaced by the Rus, the Kipchaks, and later the conquering Mongol Golden Horde, the Khazars largely disappeared as a culturally distinct people.

Keine Semiten, sondern Japhetiten (Nachfahren von Japhet):

Others

Following their conversion to Judaism, the Khazars themselves traced their origins to Kozar, a son of Togarmah^[citation needed]. Togarmah is mentioned in Genesis as a grandson of Japheth. Some scholars in the former USSR considered the Khazars to be an indigenous people of the North Caucasus mostly Nakh peoples. Argument is, that name 'khazar' from chechen language translates 'beautiful valley'^[6].

The Origin of Palestinians and Their Genetic Relatedness With Other Mediterranean Populations

Antonio Arnaiz-Villena, Nagah Elaiwa, Carlos Silvera, Ahmed Rostom, Juan Moscoso, Eduardo Gómez-Casado, Luis Allende, Pilar Varela, and Jorge Martínez-Laso

ABSTRACT: The genetic profile of Palestinians has, for the first time, been studied by using human leukocyte antigen (HLA) gene variability and haplotypes. The comparison with other Mediterranean populations by using neighbor-joining dendrograms and correspondence analyses reveal that Palestinians are genetically very close to Jews and other Middle East populations, including Turks (Anatolians), Lebanese, Egyptians, Armenians and Iranians. Archaeologic and genetic data support that both Jews and Palestinians came from the ancient Canaanites, who extensively mixed with Egyptians, Mesopotamian and Anatolian peoples in ancient times. Thus, Palestinian-Jewish rivalry is based in cultural and religious, but not in genetic, differences. The relatively close relatedness of both

Jews and Palestinians to western Mediterranean populations reflects the continuous circum-Mediterranean cultural and gene flow that have occurred in prehistoric and historic times. This flow overtly contradicts the demic diffusion model of western Mediterranean populations substitution by agriculturalists coming from the Middle East in the Mesolithic-Neolithic transition. *Human Immunology* 62, 889-900 (2001). © American Society for Histocompatibility and Immunogenetics, 2001.
